Job Description:

The Senior Clinical Oncology Specialist (Sr. COS) position at Amgen is a clinical sales role utilizing clinical oncology experience and expertise to support the sale of Amgen's Oncology treatments. The Sr. COS is a strategic partner with the District Sales Manager and Senior Oncology Specialist to formulate and execute a plan of action to ensure that all appropriate patients are identified to receive and adhere to Amgen products. The Sr. COS's primary customers are Advanced Practitioners, Nurses, Clinical Pharmacists, and other health care providers. The ideal candidate has excellent communication and presentation skills, is strategic and forward thinking, effectively works in teams, is an autonomous self-starter, and demonstrates strong business acumen and a command of Oncology and healthcare marketplace trends. **Interested candidates should apply on Amgen's career website for the following open requisitions: R-50335-Senior Clinical Oncology Specialist-San Francisco, CA R-54787-Senior Clinical Oncology Specialist-Chicago, IL**
